Aerostructure Assembly & Aircraft Components Manufacturing

Elbit Systems - Cyclone Ltd. (Cyclone) is certified for various Nadcap processes as AS9001 Rev C 9001 and Boeing AS 9100-2000 Advanced Quality Systems, and is a Boeing Gold Level Preferred Supplier.

From flight control and aerodynamic surfaces to doors and specialized aircraft parts, Cyclone's assembly line and part production programs cover a wide range of aerostructure products.

With strong technical and engineering capabilities, supported by a rigorous LEAN system, Cyclone is a recognized specialist in Build-to-Print and Build-to-Spec aerostructures. Numerous awards point to the industry-wide respect gained by Cyclone over the years from aerospace industry leaders.
